

# GREEN BOOM™

Green Boom, a pioneering Clean-Tech company, revolutionizing the way oil clean-ups are managed.

## FIRST & ONLY IN THE WORLD!

- 1. 100% Biomass & Compostable**  
Patented oil absorbents made from renewable and compostable materials.
- 2. No Transport & Landfill Costs**  
Easy process to remediate the waste through composting. Become cost-effective and skip the toxic waste costs.
- 3. Certifications like no other**  
Green Boom has the only EPA, USDA, BioPreferred and TÜV certified absorbents in the world!
- 4. Zero Waste & Zero Plastic**  
No need to any longer treat oil spills with single-use plastics. Our Oil-to-Soil solution reduces the cleanup waste to Zero.
- 5. Gov Compliance & BioPreferred**  
The BioPreferred absorbents meets standards for federal purchasing guidelines and mandates.
- 6. Superior Performance**  
High absorption rate and capacity with products that won't melt or break.

### DO YOU VALUE:

- SUSTAINABILITY?
- QUALITY?
- LOWER LABOR AND DISPOSAL COSTS?

### TRY GREEN BOOM!

## FOR ALL SETTINGS

Green Boom absorbs all types of hydrocarbons, such as Motor oil, Hydraulic Fluid, Crude oil, Diesel and Gasoline.

## Calculator for Plastic, Waste and CO2 Savings

**Benefits:**

- Provides proven data on how Green Boom aligns with environmental regulations and corporate sustainability objectives.
- Shows quantifiable environmental and cost benefits over time, supporting Green Boom's eco-friendly positioning.

**Example:**

You buy only 1 case of small pillows. These will be your Environmental Savings:

**2kg**

Direct Plastic Removal

**47.4kg**

Waste Diversion  
Sorbent + Absorbed Oil

**16kg**

CO2 Reduction

Send your current usage to: [info@greenboom.com](mailto:info@greenboom.com) and we will hand you your savings by switching to Green Boom.
