# *SC- Products: The #1 Cleaning and Mitigation System for the Fire Industry*

<https://www.scproductsgroup.com/>

# Overview of Products

## CitroSqueeze®

- Detergent/Cleaning Agent for advanced cleaning of turnouts, PPE and on-scene mitigation
- Attaches to hydrocarbons, grease and dirt and rinses away with water
- Environmentally friendly, biodegradable formula
- NO RESIDUAL or degradation of fabrics, unlike most detergents or bleaches (near-neutral pH)
- Currently used in over 5000 departments throughout the US and Canada (CalFire, US Forest Service, Phoenix, Los Angeles, San Francisco, Dallas, San Diego Fire Rescue & more)
- #1 choice for cleaning PPE for over 20 years
- Cleaned over 2 million sets of gear
- NFPA 1851 Compliant
- Available in a 32oz spray bottle “pre-treatment” or a bulk 1 gallon jug, 5 gallon pail, 55 gallon drum

<https://www.scproductsgroup.com/>

# ***TESTED AND PROVEN SAFE BY THE INDUSTRIES LEADING TEXTILE SUPPLIERS:***

## ***CitroSqueeze® TESTED AND PROVEN SAFE***

- Dupont - for cleaning Nomex®
- Southern Mills (Tencate) - for cleaning PBI® and Kevlar®
- W.L. Gore & Assocs. - (Germany) for cleaning Gore-tex®
- 3M Products - for cleaning Scotchlite® Retroreflective Fire Coat Trims
- Safety Components International, Inc. for the Isodri® system
- Stedfast Moisture Barriers - for cleaning Stedair® 3000, Stedair® 4000 and Stedair® GOLD

# Competition & Product Differentiation

*"Products suitable for cleaning NOMEX®...  
...Citrosqueeze® washing agent."*

*"...acceptable for use in conjunction with the above 3M  
products. There was no sign of any degradation"*

*"...all test results passed... have little or no effect on fabric  
strength, and did not effect flammability."*

*"...for light duty use to spot, and heavy contamination, soak  
chainsaw chaps in CitroSqueeze®."*

**Documentation of rigorous testing and  
proven safe for the fabrics by the  
fabric manufacturers**

**NFPA 1851 COMPLIANT**

IT'S SIMPLE...  
IT'S ALL ABOUT PROTECTION... AND SAFETY!!!

**NFPA 1851 COMPLIANT**

# CITROSQUEEZE®

TURNOUT, PPE, AND LIFELINE CLEANER

**\*Citrosqueeze®**, helps maintain the protective quality of turnout apparel. It is the PPE cleaner tested and proven safe by Dupont for cleaning Nomex®, Southern Mills for cleaning P.B.I.® and Kevlar® fabrics, W.L. Gore & Assocs. (Germany) for cleaning Gore-tex®, 3M Products for cleaning specific Scotchlite® Retroreflective Firecoat Trims #8486/7, 9825, 8930, 8935, 8986/7, 9910, & 9486/7, and Safety Components International, Inc. & CIBA Specialty Chemicals for cleaning the isodri™ System (outer shell fabric).

Recently serving the Long Beach Fire Department

Preserve the protective quality of your gear with Citrosqueeze®, the turnout gear cleaner used by some of the largest US fire departments and by authorized turnout gear cleaning and repair centers nationwide.

Available in quarts, gallons, 5 gallons, as well as 55 gallon drums and 275 gallon totes. Read product label for specific detailed info.

■ Citrosqueeze® helps maintain the protective quality of turnout apparel. It is the PPE cleaner tested and proven safe by Dupont, Southern Mills, W.L. Gore & Assocs. (Germany), 3M Products, Safety Components International, Inc., and CIBA Specialty Chemicals\*.

## **NFPA 1851**

The NFPA 1851 Standard is the nationally recognized, National Fire Protection Association Standard that defines selection, care and maintenance of Structural Fire Protective Ensembles. Compliance with this directive substantially reduces the safety risks and potential health hazards of poorly maintained, contaminated structural fire protection ensembles. To learn more about the NFPA 1851 Standard, visit [www.citrosqueeze.com](http://www.citrosqueeze.com).

Solutions carries a complete line of cleaning products and disinfectants that are designed specifically with Fire Department and EMF needs and requirements in mind, and available in 7 quart, 7 gallon, 3 gallons, 55 gallon drums and 275 gallon totes. Contact SC Products to learn more about Citrosqueeze®, and SC-14®.

HIGH-POWERED CLEANER THAT'S SAFE ON THE ENVIRONMENT...  
**TOUGH ON GREASE & GRIME!**

# SC-14

## STATION CLEANER & DEGREASER

■ **SC-14** is a Ready-to-Use, all-purpose, cleaner degreaser that is biodegradable, near-neutral pH, environmentally safe and user friendly. It can clean tough grease, grime, soil and hydrocarbons and yet is safe for use on paint, diamond plate and polished metals. **SC-14** does not contain caustic ingredients such as Sodium Hydroxide or Sodium Metasilicate used in other cleaners that can permanently damage and dull your tools, metal & painted surfaces, diamond plate, automobiles and trucks.

\*See product label for specific info.

**SC-14 Station Cleaner** is an effective cleaner for ...

- Trucks and Diamond Plate
- Tools and Equipment
- Masks and SCBA Tanks
- Helmets and Harnesses
- Hoses and Nozzles
- Thermal Imaging Cameras
- Fire Station Walls and Cabinets
- Extraction Equipment

**888.270.4237**

Manufactured and Distributed by Solutions, Irving, TX 75039 • [www.SC-14.com](http://www.SC-14.com)

Available in quart, gallon, 5 gallon, or 2.5 gallon sizes. Also available in 2.5 gallon, 5 gallon, and 2.5 gallon sizes. See product label for specific details.

# SC-14

STATION CLEANER & DEGREASER

**DON'T STOP AT JUST CLEANING YOUR TURNOUT GEAR...**

**...IT ONLY TAKES A FEW MINUTES TO REMOVE DANGEROUS CARCINOGENS FROM ALL YOUR EQUIPMENT!**

### TOOLS & EQUIPMENT

SC-14 Station Cleaner DEGREASER replaces many other damaging petrochemical cleaners and highly aggressive solvent degreasers. Use safely and confidently on almost any tools in the station including extrication, FLIR cameras, chainsaws, etc. without fear of oxidation, corrosion, dulling or compromised equipment function.\*

### MASKS & SCBAS

Keep critical breathing apparatus clean and free of carcinogens - SC-14 bonds to oil, grease and soot and rinses away permanently with just water leaving a residue-free surface.

### HELMETS & HARNESSES

Clean even the most baked in grime off your helmets and safety gear in just a few minutes. SC-14 Station Cleaner can help with NFPA 1851 cleaning and maintenance compliance, while preserving and improving the function and longevity of leather and textile parts.

### FIRE APPARATUS & VEHICLES

Not only is SC-14 safe on the environment, it's safe on painted surfaces and sensitive metals like exposed aluminum and chrome. This makes SC-14 Station Cleaner the ideal wash for fire apparatus interiors and exteriors, both of which are regularly exposed to contaminants in the course of response calls. Just spray on and wipe clean.

\*Test prior to use on face shields and other plastics.

### ABOUT SC PRODUCTS

For over 20 years, we've delivered high performance, specialized cleaners and all-purpose degreasers that are **SAFE and EFFECTIVE**. Permanently remove oil, grease, soot and other hydrocarbons without damaging the very thing you're trying to clean. Our unique line of biodegradable products are trusted by professionals in a wide spectrum of industries including firefighting, oil & gas, mining, automotive, marine, janitorial and facilities management.

# CitroSqueeze®

## Quick Information Sheet

### Reasons to use CitroSqueeze®:

- Fabric and Fiber manufacturers such as DuPont, So. Mills, and 3M have proven the product safe to use. (It is what DuPont recommends to clean Nomex clothing)
- Removes hydrocarbons and carcinogens from fabrics
- Cost effective – cleaning with proper detergents will increase the life of Nomex/Kevlar clothing and turnout gear
- Used in 5000+ fire departments throughout the US and Canada, far surpassing any other cleaner in the industry.
- Soaking turnout gear in CitroSqueeze is a great way to remove medium to heavily soiled gear
- NFPA 1851 Compliant
- Fresh citrus aroma

### CitroSqueeze® Safely & Effectively Cleans:

*Turnout Gear*

*Gloves*

*Hoods*

*Boots (Leather & Rubber)*
